Mixed-use Affordable Housing

Oxnard / California

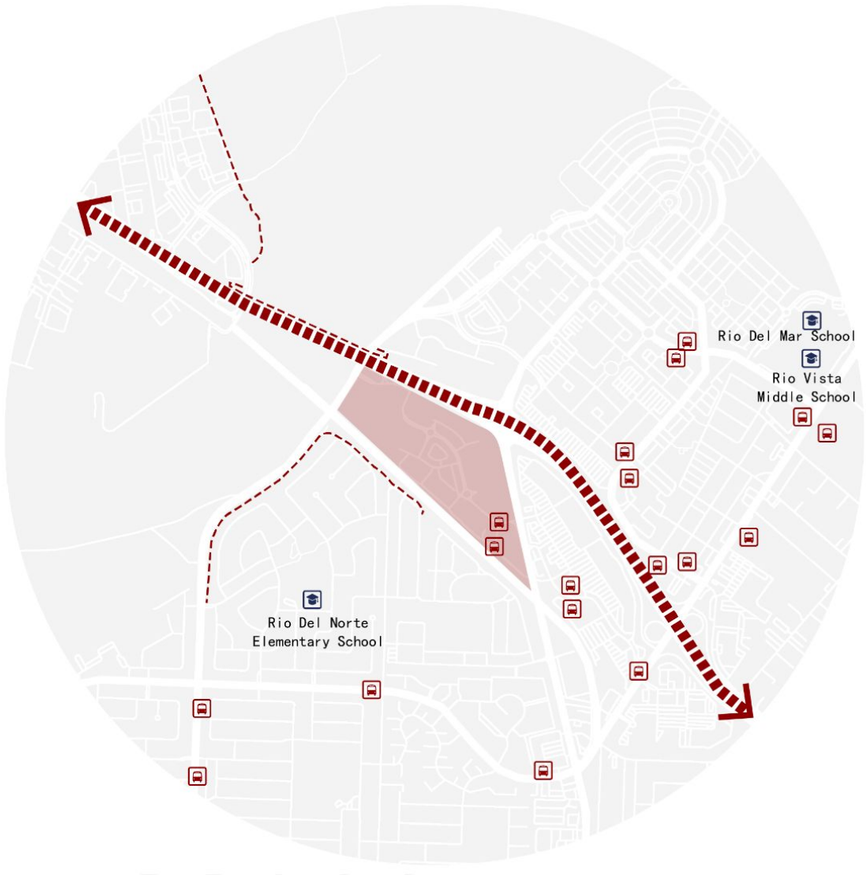

Assignment #3

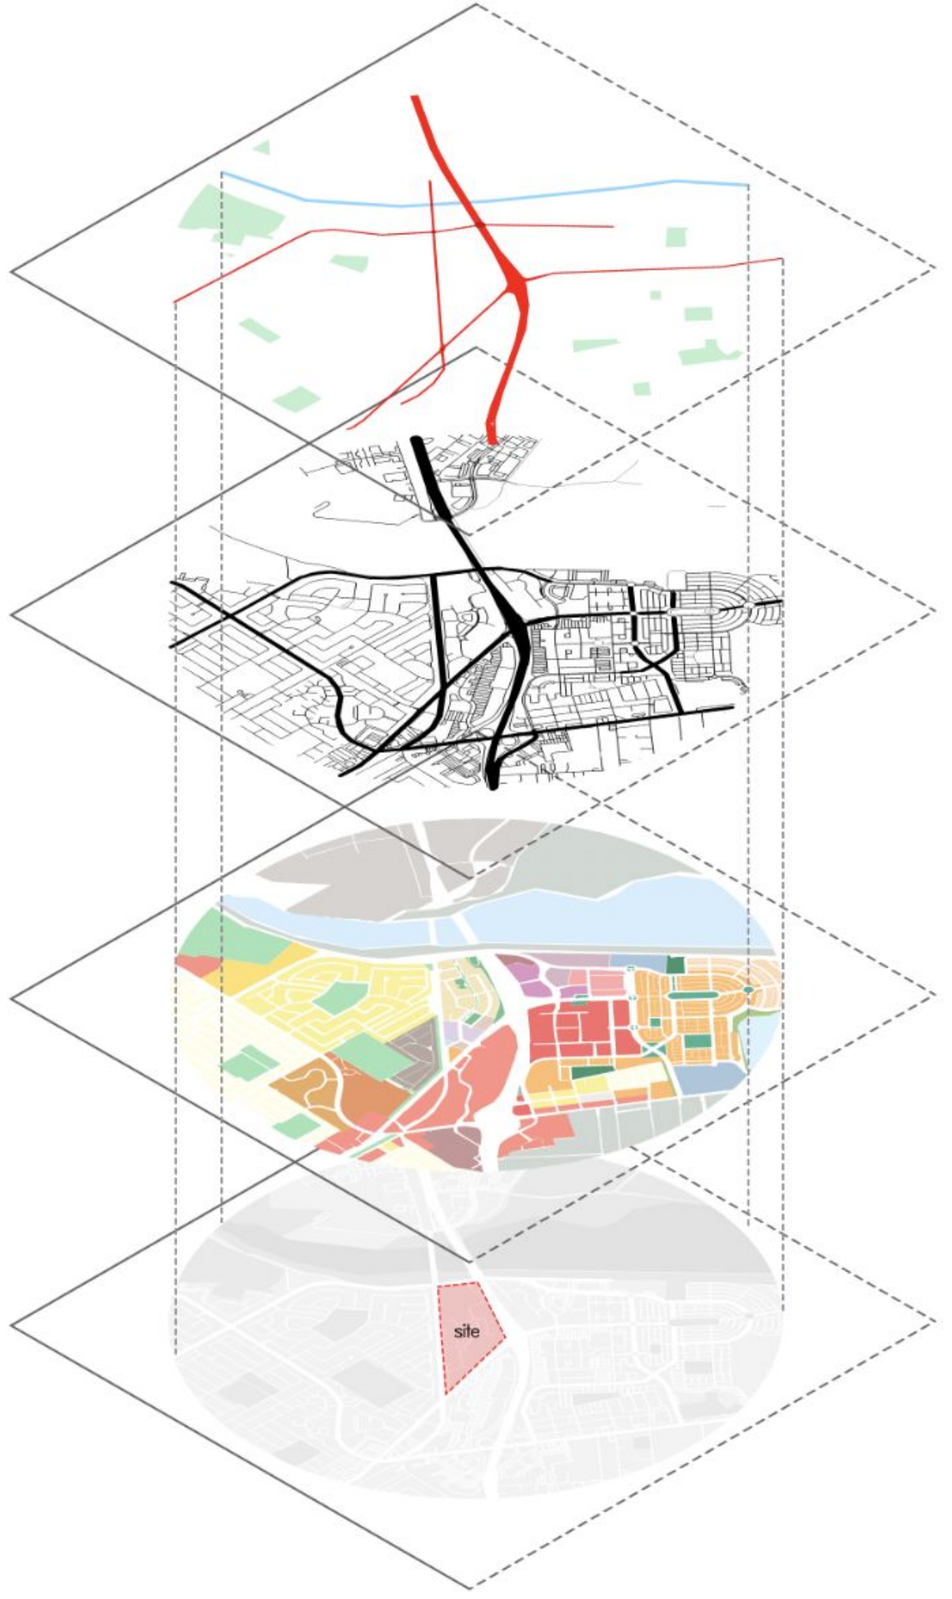

QING HOU

Site Anaysis

>>Located on the edge of Oxnard
>>The Site is about 62 acres
>>It is bounded to the north by Highway 101

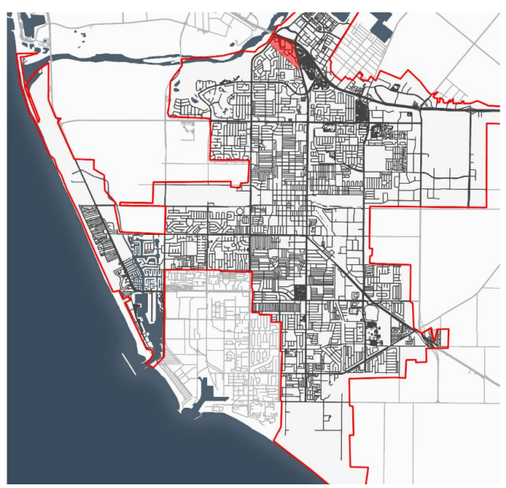

Opportunities and Constraints Analysis

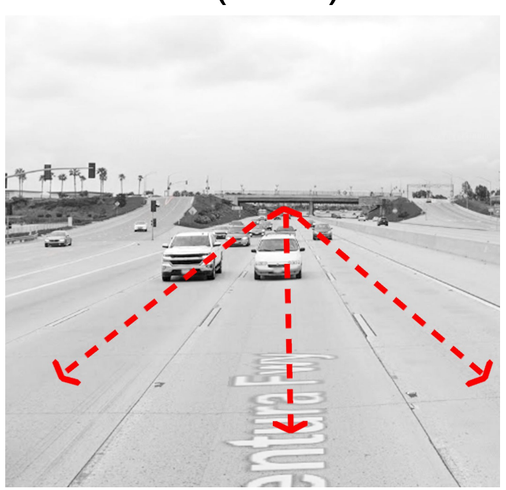

Constraints：

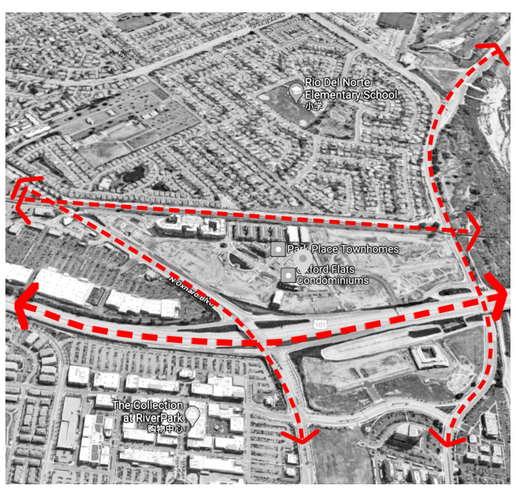

1. Urban edge defect:
   Lacks connection with the surrounding facilities.
   Inequitable destribution of public facilities: Lack of public transportation (bus, bikeway, station)
2. Zoning constraints:
   Height limitation, parking
3. The influence of surrounding high-speed roads
   It might cause noise to the nearby residential area, open space requirements

Opportunities:

1. Great accessibility
   The site lies in between two freeway off-ramps/ intersections
2. Diverse surrounding landuse
3. Close to the narutal resources (river)

Vision- *Connected Community*

The Wagon Wheel development acknowledges the past and looks to the future of innovative, inclusive, and sustainable communities. Our development provides diverse housing needs for Oxnard's workforce, families, and senior populations. Programming and design elements draw from the historical context of the iconic Wagon Wheel Hotel, bridging the old with the new, and holding on to elements that give this place character and meaning.

- **Provide diverse housing options:**
  Family: Single and multiple parent households; Seniors: Single and double occupancy; Workforce: Attainable housing.

- **Integrating the site into the urban framework:**
  Connected to the city by extending the city's grid; provide bikeway; parking lots.

- **Connect fragmented green space into a green system:**
  Identical green space.

- **Encourage a healthy lifestyle & active community:**
  Provide engaging spaces that families, the eldery, workforce, and friends can enjoy.

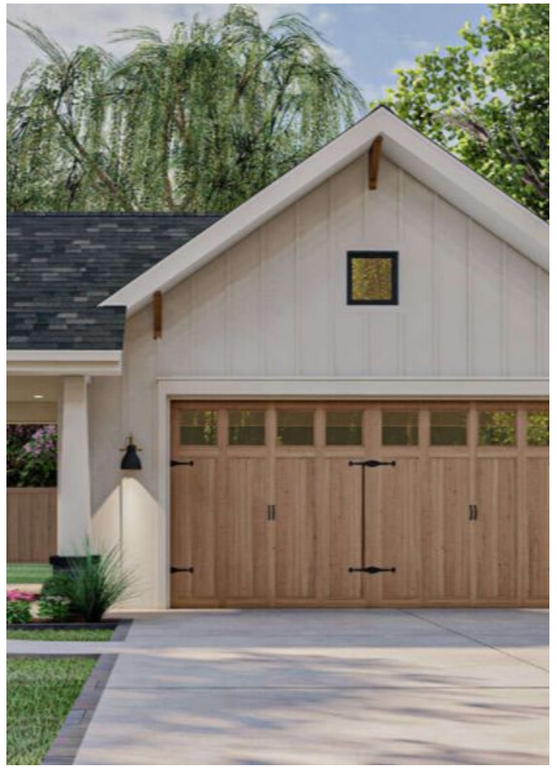

Diverse Housing Types

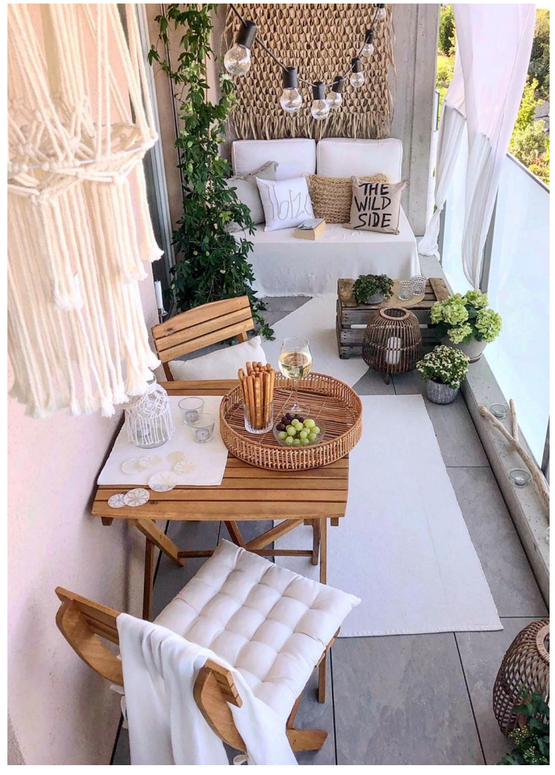

- Diverse housing options
- Diverse facades
- Equipped with parking
- Diverse family activity space

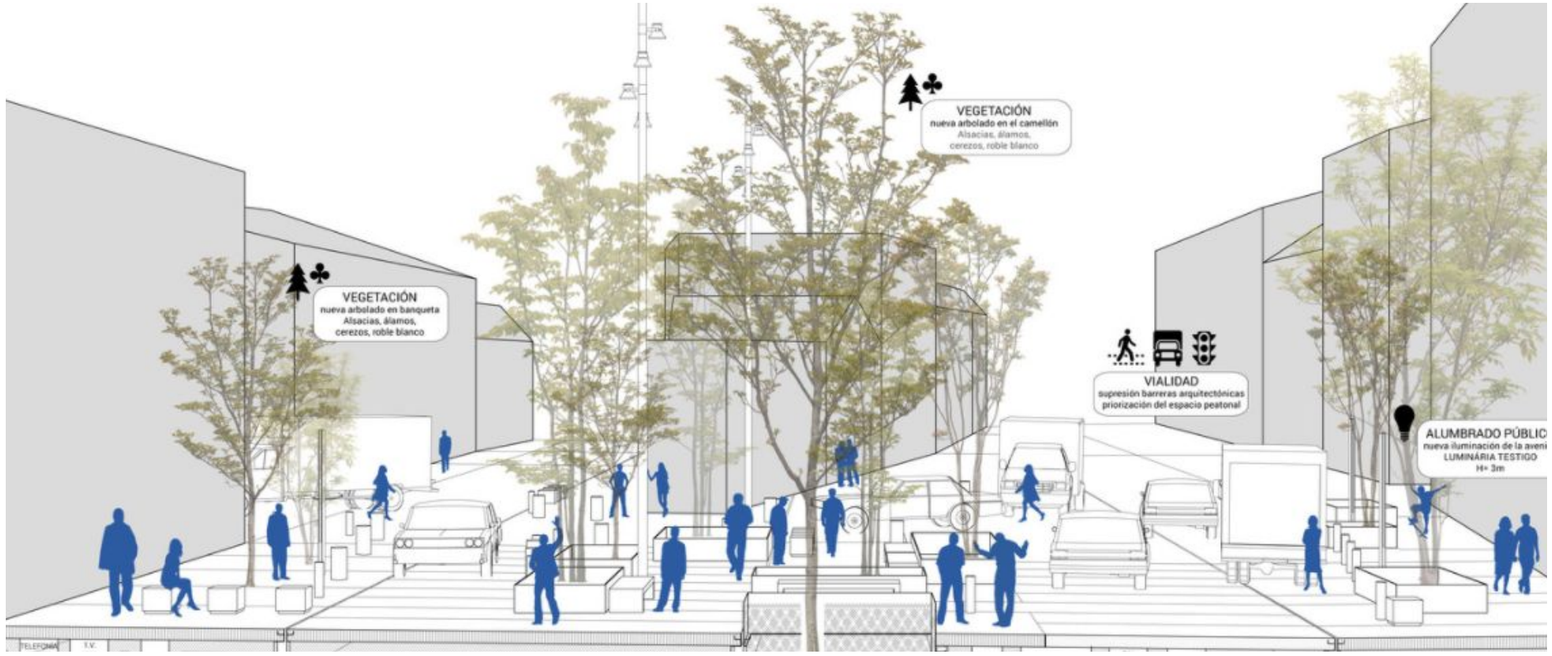

Flexible Tranportation System

- Diverse modes
- User-friendly, safe roads
- Pedestrian sensitive

Continuous Open Space

- Variety within each block
- Sunny public spaces with neighborhood anchors
- Shaded communal spaces
- Soft buffer from the surrounding tranportation

Mutifunctional Community Center

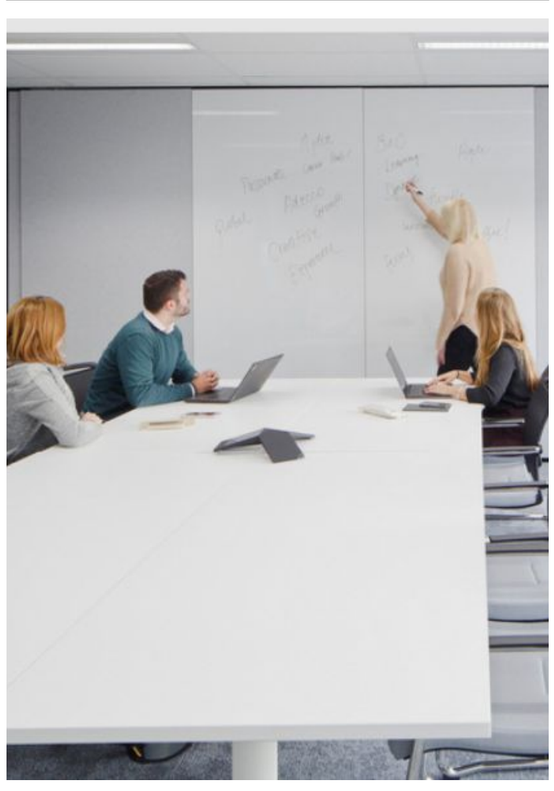

- Family Resources
  - Family planning
  - Child Care
  - Tutoring
- Senior Resources
  - Activities
  - Meaningful engagement
- Workforce Resources
  - Financial planning
  - Training

Children-care center	Playground	Elder Activity Center	Job training

Podium building
Single Family Home
Single Family Detached Home
3-Story TownHome
3-Story Court TownHome
Main Road

- **3-Story TownHome**
  - Total: 13
  - Land Use: 3.25 ac
  - Units: 78
  - Parking: 156
- **3-Story Court TownHome**
  - Total: 28
  - Land Use: 11.1 ac
  - Units: 336
  - Parking: 672
- **Ground Parking**
  - Total: 90 spots
  - Land Use: 0.68ac
- **Podium Housing**
  - Total:4
  - Land Use 7.68 ac
  - Units: 480
  - Parking: 480
- **Single Family Detached**
  - Total: 35
  - Land Use: 2.83 ac
  - Units:35
  - Parking:70
- **Single Family Homes**
  - Total : 57
  - Land Use: 3.75 ac
  - Units: 57
  - Parking: 114

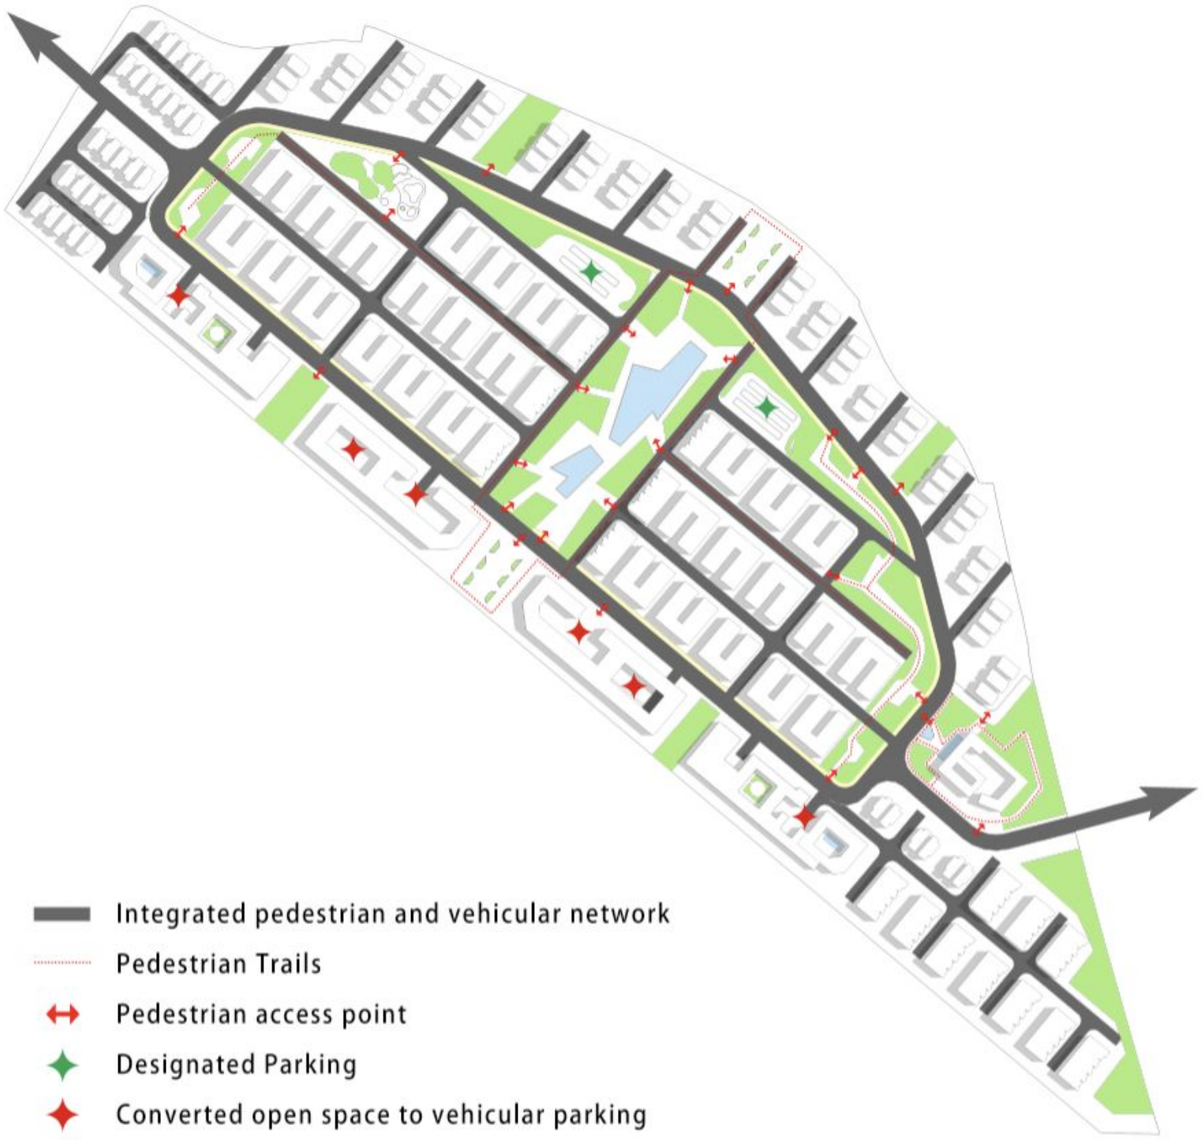

Conceptial Land Use & Figure–ground Diagram

Land Use Type	Area Summary
Commercial	5 Acres
Residential	28.61 Acres
Open Space	16.2 Acres
Road	12.19 Acres
Total	62 Acres

Vehicular Circulation + Parking Plan

Vehicular Circulation

Diverse Options

- Roads
- Pedestrian acess
- Bikeways

---> Create porous communities
---> Create more eco-frindly choices
---> provide convinient parking access

	Total parking
Podium building	480
Single family	70
Single family detach	114
3-Story TownHome	156
3-Story Court TownHome	672
Ground	90
Total	1492

Community Open Space Framework Plan

Connective

Artificial “Lake” in the middle landscape

---> connect with surroundings

Echos with the nearby river, mimicking its natural form, and connect the community with surrounding

Community Center
